

CFBAI Product List (August 2025)

I. Introduction

The Children's Food and Beverage Advertising Initiative's Core Principles require that participants commit to either not engage in advertising primarily directed to children under age 13 ("child-directed advertising") or to feature only foods that meet CFBAI's Uniform Nutrition Criteria, 2nd ed. in such advertising. This Product List identifies foods that participants have indicated are the subject of child-directed advertising.

Participants that have committed to not engage in child-directed advertising or that are not currently engaging in child-directed advertising do not have foods on this Product List.
